

CyberSAFE: End User Security

Duration
0.5 Days

Delivery Methods
VILT, Private Group

Welcome to CyberSAFE: End User Security. Regardless of your computer experience, this class will help you become more aware of technology-related risks and what you can do to protect yourself and your organization from them.

This course includes an exam voucher.

Who Should Attend

This course is designed for all users of computers, mobile devices, networks, and the Internet, to enable them to use technology more securely and minimize digital risks, regardless of technical ability. This course is also designed for you to prepare for the CyberSAFE credential. You can obtain your CyberSAFE certificate by completing the CyberSAFE credential process on the CHOICE platform following the course presentation.
